## Bacharach Releases a Brand-New Reporting App and the Award-Winning Tune-Rite™ is Expanded

**NEW KENSINGTON, PA** – As the 2015 heating season approaches, Bacharach continues to introduce new product features to help contractors perform their jobs more effectively and efficiently, helping them to build a positive reputation and increasing the peace-of-mind of the customers they work for.

New for 2015 is the **Bacharach Reporting App**. The Reporting App is compatible with all Fyrite® INSIGHT® Plus and Fyrite® InTech® combustion analyzers, enabling you to transfer combustion test data to your smartphone or tablet so that you can generate a customized report, save it as a PDF then email it – all in a matter of seconds! The app is available for Android and Apple mobile devices in their respective app stores.

From a live combustion test or saved record, press the **RIGHT arrow**

Open the Bacharach Reporting App and scan the QR code

Also for 2015, Bacharach is expanding the capabilities of the award-winning Tune-Rite software included in every new Fyrite® INSIGHT® Plus combustion analyzer. The INSIGHT® Plus with Tune-Rite was recently awarded the 2015 Bronze Dealer Design Award by The NEWS ([www.ACHRNEWS.com](http://www.ACHRNEWS.com)) in Testing and Monitoring Products category for its innovative method of helping contractors interpret the results of combustion measurements. At its launch in 2014, Tune-Rite supported 6 fuel/appliance combinations covering the majority of applications that a contractor might encounter in North America. Now, Bacharach has added an additional 18 supported fuel/appliance types including up-and-coming heating appliances such as high-efficiency natural gas boilers.

Bacharach, Inc. is a world leader in the design, manufacture and service of advanced test and measurement instrumentation. For over 106 years, the Bacharach brand has served the HVAC/R and other industries with products made in the USA designed for residential, commercial and industrial applications. The company's extensive product line includes instruments that detect, measure and record combustion, refrigerant and environmental gases, temperature, humidity and other air quality and safety parameters. For more information, please visit [www.MyBacharach.com](http://www.MyBacharach.com) or [www.Tune-Rite.com](http://www.Tune-Rite.com).
